PROFILE / INTRO

I am a new junior web developer with a passion for coding and computers in general. I am looking for a role that will allow me utilise and improve my web development skills alongside a team of like-minded colleagues.

SKILLS

- ◆ Core knowledge of HTML, CSS and JavaScript.
- ◆ Experience with software version control using git and GitHub.
- ◆ 2 years experience using a bash terminal, learned for leisure and hobby projects.
- ◆ Strong skills in visual design and asset creation using Photoshop and CorelDRAW.
- ◆ Good skill with troubleshooting and problem solving.
- ◆ Strong communication skills.
- ◆ Pair programming.

PROJECTS

- ◆ **Volcanoes:** An informational website about volcanoes. Made to learn some of the basics of writing HTML and CSS.
Site: <https://taurehorn.github.io/hobbyWebsite>
GitHub repo: <https://github.com/TaureHorn/hobbyWebsite>
- ◆ **Bestiary Quiz:** A quiz about identifying mythological and fantastical creatures. Made in effort to learn some of the basics of JavaScript and its integration in HTML and CSS.
Site: <https://taurehorn.github.io/fantasy-bestiary-quiz>
GitHub repo: <https://github.com/TaureHorn/fantasy-bestiary-quiz>
- ◆ **Hacking Text Game:** A simple text based interface that emulates a bash terminal in a game about hacking. Made to learn more about JavaScript and object oriented programming techniques.

EXPERIENCE

Educational Content Assistant | University of Sheffield Medical School

(March – August 2021)

- ◆ Helped manage learning content on the schools *Minerva* web portal which was accessed by several cohorts of students.

- ◆ Ensured that lecture recordings were appropriately captioned to comply with disability access regulations.

Archive Management Assistant | University of Sheffield Medical School

(Temporary work on several occasions between 2010 – 2015)

- ◆ I reorganised the student file archive room and ensured information on several cohorts was readily available and correctly sorted.
- ◆ Managed the handling and destruction of confidential and sensitive information.

Data Input and Archiving Assistant | University of Sheffield Medical School

(Temporary work on several occasions between 2010 – 2015)

- ◆ I used Microsoft Excel and Access to compile a database of archived records.
- ◆ I pulled from peripheral data sources to fill in gaps in records where possible.

EDUCATION

Web Development Bootcamp | The Developer Academy | (January – May 2023)

A twelve week full time course on the basics of full stack web development including HTML, CSS, JavaScript, React.

MSc Geoscience Research | Keele University | (2016 – 2017)

A postgraduate degree programme with a mixed focus of teaching research and academic skills alongside a large independent research project that culminated in a dissertation.

BSc Geological Sciences | The University of Leeds | (2012 – 2016)

An undergraduate degree programme aimed to give a broad understanding of many geological sub-disciplines with options for deeper learning in specific subjects at a later stage. I specialised into learning deeper about magma systems and volcanoes.
